ROSES

White Roses, Teas and Hybrid Teas

Price, 40 cents per dozen, \$2.50 per hundred (except where noted); strong two-year-old plants, \$1.00 per dozen, \$8.00 per hundred.

The Beautiful White Forcing Rose,
WHITE MAMAN COCHET

The finest Rose of the year. Like its parent, the growth is vigorous, with rich, healthy foliage, producing large, fine flowers of the purest white; in fact it is an exact counterpart of the beautiful Maman Cochet. Price, 50 cents per dozen; \$3.00 per 100.

NEW TEA ROSE—ENCHANTRESS

It blooms with astonishing freedom, bearing its large, globular flowers in immense clusters. The color creamy-white, slightly tinged with buff in the center; vigorous growth; fine foliage and highly valuable.

MARIE GUILLOT

Perfection in form; flowers large and double to the center. This variety holds first place among white Tea Roses in purity of color, depth of petals and evenness in shape; grows well and is healthy. The best white Tea Rose for general purposes grown.

CLOTHILDE SOUPERT

The Best Market Pot Rose.

It is a strong, vigorous grower. The flowers are large, double, beautiful in form, with the style of the beautiful Rose "Ball of Snow." The flowers are borne in sprays and the color blends from a soft shell-pink to a pure satiny-white rose, while both of these colors are produced on the same plant at the same time.

POLYANTHA ROSES

Price, 40 cents per dozen, \$3.00 per hundred.

PETITE LEONIE

Color a delicate salmon-rose shading to white on the edges. Flowers small in large clusters, a strong grower and very free bloomer.

MIGNONETTE

A lovely Fairy Rose, full, regular flowers, perfectly double and delicately perfumed. Its color is a clear, delicate rose, with a frequent and peculiar intermingling of white.

PRIMULA, POLYANTHA

New. A very showy, low-growing little bush, completely covered with cup-shaped flowers, semi-double,

MARIE LAMBERT

Pure white. It has been called the White Hermosa, as it resembles Hermosa in form and freedom of bloom and is quite as valuable; for, though no claim has been made for it as a fancy Rose, its persistence in bloom will make it a very popular white variety for bedding or for pots.

CORNELIA COOK

The buds are most beautiful, of immense size and are borne up high on massive stems. The flowers are the clearest, snowiest white, and are arranged in the most faultless and symmetrical manner. Cornelia Cook has the largest bud of any of the white Roses.

BRIDE

This is decidedly the most beautiful white Tea Rose. The flowers are very large and double, on long, stiff stems, of fine texture and substance, and last a long time in a fresh state after being cut, making it one of the best varieties for corsage wear or bouquets.

THE QUEEN

A most charming Tea Rose, the offspring of that fine old Rose, Souvenir d'un Ami, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely formed buds, is quite full, showing the center but slightly.

Forcing Rose,

KAISERIN AUGUSTA VICTORIA

This beautiful Rose has not only a royal name, but is a royal Rose as well. It is a continuous bloomer, producing successive crops of buds, and formed with large petals of best substance; shows no center when fully open; color a pure snowy white. Price, 50 cents per dozen; \$3.00 per 100.

The Superb New Tea Rose,

ANTOINE RIVOIRE

A handsome new Rose of vigorous habit of growth, with large, full, Camellia-shaped flowers. Color rosy-flesh on a yellow ground, shaded with a border of carmine. Flowers have been exhibited five inches in diameter. A remarkable variety of great worth.

IVORY

The White Sport of Golden Gate.

Ivory is a "sport" from the fine old variety, Golden Gate. Ivory embodies all the good points of its parent—size, freedom of bloom, strong, vigorous, healthy growth, with a pure white color which makes it an invaluable acquisition to the list of forcing Roses.

WHITE SOUPERT or LEONIE OSTERIETH

The buds are of a good size, the flower full and double, and deliciously fragrant, pure porcelain white, with deep center. In freedom of bloom this charming variety rivals the Polyanthas.

which are China rose at the edges and snow-white in the center. The arrangement of the colors reminds one of the Chinese Primrose. A pretty bedding plant.

PARQUERETTE

Flowers pure white, about one inch in diameter, flowering in clusters of from five to fifty blooms. Very full, prettily formed, resembling blossoms of the double white Primrose in profusion of bloom.

GEORGE PERNET

A strong-growing dwarf variety, forming a perfect round bush; the color is bright rose with touches of yellow, and passes to peachblow with silvery-white shadings.

Pink Roses, Teas and Hybrid Teas

Price, 40 cents per dozen, \$2.50 per hundred (except where noted); strong two-year-old plants, \$1.00 per dozen, \$8.00 per hundred

GOLDEN GATE

It is a strong, healthy grower. Produces a profusion of long, pointed buds, opening to very large double Roses of creamy-white, beautifully tinted with soft yellow at the base of the broad petals, which are exquisitely bordered with clear rose.

THE RAINBOW

Color a lovely shade of deep coral-pink, striped, mottled in most unique manner with intense carmine, elegantly colored with rich golden-amber at the center of base of petals; makes beautiful buds; flowers extra large, sweet, and of great depth and substance.

MADAME DE WATTEVILLE

This grand new ever-blooming Rose is one of the most beautiful varieties we have ever sent out, and is very largely planted by those who know its beauty. The color is a remarkable shade of creamy-yellow, richly covered with rosy-blush. The petals are large and each one widely bordered with bright crimson, which gives it a very striking and beautiful appearance.

MADAME ELI LAMBERT

A beautiful new Tea Rose. Color is somewhat in the way of Madame de Watteville, but deeper, rich, creamy-white, faintly bordered with pale pink, and exquisitely beautiful and very sweet.

Forcing Rose, BRIDESMAID

This variety is grown so extensively now that it hardly needs description. It is a sport from the old standard, Catherine Mermet, and retains all the good qualities of the parent. It is a deep pink, about two shades deeper than C. Mermet. As a cut-flower Rose it is cultivated more than any other. Price, 40 cents per dozen; \$2.50 per 100.

DUCHESS DE BRABANT

A bright China Rose, with coppery-yellow center, ends of petals suffused with carmine. A charming beautiful combination of coloring, as each color blends nicely with the other. This variety ranks with the best, and is a Rose of decided merit.

MADAME LOMBARD

This great Southern Rose is classed among the best of pink varieties for garden planting or pot culture.

BURBANK

A free-flowering ever-blooming Rose, raised by Mr. Luther Burbank, known the world over as the "Wizard of Horticulture." The only Rose which he was willing should bear his name.

BON SILENE

An old favorite. A very vigorous grower and prolific bloomer. A variety that is hard to get stock enough for the trade. Color a pure pink.

HENRY M. STANLEY

The color is a rare shade of amber-rose, delicately tinged with apricot-yellow toward the center. Reverse of petals clear buff-rose. The flowers are of good substance, extra large, finely formed and very full and fragrant.

MADAME SCHWALLER

Large globular flowers, color transparent salmon-rose; very delicate and tender; petals finely edged with violet-carmine; highly perfumed. One of the easiest to grow of the whole Rose family and exceptionally fine for bedding, as with only a little protection they will stand the cold weather.

GENERAL DE TARTAS

A brilliant carmine, deeply shaded with violet. An extra large Rose, of good shape. The growth is fine; very good for outdoor bedding.

LA PRINCESSE VERA

A fine pink variety with pointed bud; strong grower, and a splendid variety for planting out of doors.

SAMBREUIL

This magnificent variety has immense, finely formed flowers of beautiful white, tinged with delicate rose; buds large and full, blooming in clusters. A grand and beautiful Rose when in full bloom.

CATHERINE MERMET

One of the finest Roses grown. Faultless in form and charming in every shade of color, from the purest silvery-rose to the exquisite combination of yellow and rose, which illuminates the base of the petals.

New Rose,

BESSIE BROWN

This new Rose is of the Hybrid Tea class and will stand frost if slightly protected. Blooms are of enormous size, of heavy substance, and are perfect in shape, lasting splendidly when cut. The color is snow-white, faintly flushed and tinged with pink. A fine strong, free grower, producing long stems well clothed in foliage quite up to the flower. Price, 50 cents per dozen, \$3.00 per 100.

Forcing Rose,

MAMAN COCHET

One of the best new Roses. The growth is vigorous, with rich, healthy foliage. The extra large flowers are produced on long stems, are very double, and the buds and half expanded flowers are simply exquisite in their graceful form, delicate color and rich fragrance. The color is deep rosy-pink. Price, 50 cents per dozen; \$3.00 per 100.

MRS. DE GRAW

Everybody wants a hardy, ever-blooming Rose. From early summer until frost it may be depended upon to produce flowers in abundance. In color it is a rich, glossy pink, delightfully fragrant, and is such a strong, vigorous grower that it is almost impregnable against attacks of the insects which usually destroy some of our finest Roses.

PINK SOUPERT

This bright new Rose is a very free-flowering variety, much resembling Hermosa, but more double and flowering more freely. The flowers are not quite so large, full and handsome as our original Soupert, but fill a place because of their brightness and freedom.

MADAME JOSEPH SCHWARTZ

A strong grower; cup-shaped pink flowers.

LA DETROIT

New pink forcing Rose. This variety will grow along with Bride and Bridesmaid, and will produce two flowers to one of either of these kinds. 2½-inch pots, fine stock, \$3.00 per 100.

MADAME ABEL CHATENAY

A grand bedding Rose, as it is a profuse and continuous bloomer. Very double with slightly recurved petals. Elegant buds. Color, rosy-carmine, shaded salmon. Price, 2½-inch pots, 50 cents per dozen, \$3.00 per 100.

SOUVENIR DE LA MALMAISON

This grand old variety, when used as a bedding Rose in summer, has no equal, as it produces the most perfect flowers in the hottest weather. Its rich, flesh-colored flowers are of immense size, double to the center, are produced in abundance, and have the requisite form and substance to withstand our hot, dry summers. Price, 50 cents per dozen; \$3.00 per 100.

PINK HERMOSA, THE OLD FAVORITE

Everybody knows this famous variety. As hardy as an oak, and always covered with its elegant clear pink blooms. There is not a shade of color of any kind to mar its purity. We doubt if any Rose ever grown will take its place. Price, 50 cents per dozen; \$3.00 per 100.

MRS. B. R. CANT

A fine garden variety, of even shade of salmon-rose, round and full, the form of a good H. P. A very free grower and free bloomer. It flowers as continuously and as freely as a China Rose, and is especially fine in autumn. A splendid addition to our standard bedders. Price, 50 cents per dozen; \$3.00 per 100.

MLLE. FRANZISCA KRUGER

The striking color of this handsome Rose places it at once in the front as a bud producer in the open air. It is closely allied to Catherine Mermet, and resembles it in everything save color. In its shading of deep coppery-yellow it stands unique and distinct from all others.

SPECIAL NOTICE—Our Two-Year-Old Roses are Strong and Healthy, all on Their Own Roots.

Yellow Roses, Teas and Hybrid Teas

A pure Tea Rose, very free growing and hardy in character, withstanding ten degrees below zero if protected. The color is a good sulphur-yellow, blooms very large, perfectly double, splendid form and freely produced. It has every quality necessary to make the ideal yellow bedder, ranking with the White and Pink Cochet in value as a summer Rose. Price, 50 cents per dozen, \$3.00 per 100.

Canary or golden-yellow flowers and beautifully formed. Handsome in every stage of development, from the smallest bud to the open flower. Price, 50 cents per dozen, \$3.00 per 100.

SOUV. DE PIERRE NOTTING (Tea)

This variety is a seedling of M. Neil and Maman Cochet, with beautiful closely set foliage and a strong, sturdy habit of growth. The bloom is very large, perfectly full, of elegant form—has a beautiful long bud, the colors are very bright, distinct and clear, and have no unpleasant tones—orange-yellow, bordered in carmine-rose. Promises to prove very popular. Has received not less than six gold medals and prizes. 50 cents per dozen; \$3.00 per 100; \$30.00 per 1,000.

ETOILE DE LYON

This is considered one of the finest yellow bedding Roses for outside planting; it is, moreover, one of the hardest in the Tea section. It blooms freely, and every flower is a gem.

MOSELLA, THE YELLOW SOUPERT

It blooms in profuse clusters of from three to five flowers, which are very double, ballshaped and open like a Camellia flower. The petals are tinted white, on beautiful light yellow ground extending to the middle of the petals.

ELSIE HEYMANN

This is, beyond question, one of the best Roses of recent European introduction. The color is light yellow, shaded with tawny yellow, center rosy peach. Very free flowering. Vigorous growth and fine foliage.

WM. ALLEN RICHARDSON

Orange-yellow, with outer petals lighter, center copper-yellow.

MADAME WELCHE

An extra fine variety, very large, double, and of beautifully rounded form; a soft, pale yellow, sometimes cream, with short inner petals of glowing orange and copper; not to be forgotten if once seen. Price, 50 cents per dozen, \$3.00 per 100.

MARIE VAN HOUTTE

Of a fine, faultless, straw-yellow color, with the outer petals washed and outlined with a bright rosy-crimson; occasionally the whole flower will be suffused with light pink. It grows vigorously, blooms profusely, and is most deliciously scented; in cold weather it almost changes color, taking on gorgeous crimson tints. A beautiful and superb Rose.

SAFRANO

One of the best of all coppery-colored varieties; foliage is large, growth is very vigorous, flower large, yellow margin shading to a deep copper. Too good a Rose for this price.

COQUETTE DE LYON

No Rose like it for freedom of bloom. The plant is a fine grower and carries numbers of flowers on every shoot. A fine yellow Rose, large, not at all formal, very attractive.

MME. CECIL BERTHOD

A variety of rare and exquisite beauty with tints and blendings of color not to be found in any other Rose; is best described as a flesh color, shaded with rose and suffused with tawny copper. Flower of large size, full and of excellent shape.

The Superb Yellow Rose,

MARECHAL NIEL

The most popular of all. A Rose so famous as to really require no description. Its magnificent golden-yellow buds are worn the world over; they illustrate the globular form in its last perfection, and are almost massive in dimensions. The reports from Southern growers tell of single plants showing one and two thousand blooms of Marechal Niel at a time. It is almost universally held to be the finest climber for indoors or out, where the climate admits of its cultivation. Price, 50 cents per dozen; \$3.00 per 100.

MRS. E. DURANTON

This Rose is very beautiful its strong branching habit is admirable; each side shoot brings a perfect flower on a stiff stem; never shows a weak neck. The upper surface of each petal is shell-pink, the reverse soft rose; very free and fragrant. A good Rose for your collection.

A clear, light yellow, a very popular variety, strong grower, and free bloomer.

GEN. ROBERT E. LEE

It is in color an orange-yellow, is a good grower, has elegant, long buds, borne on long stems. It forces easily.

Flowers of this variety are the richest crimson of any Roses in our vast collection. A single bud or blossom will catch the eye at a great distance, so brilliant is the color. Indeed, it is unmatched in its velvety richness; could well be termed "The Velvet Rose." It is as free in blooming as Bon Silene.

PERNET'S TRIUMPH

It is also magnificent in bush form, and for covering buildings, trellises, etc., it cannot be excelled. DOROTHY PERKINS

This valuable variety has been produced from seed of Rosa Wichuraiana, crossed with pollen from that fine old Rose, Mme. Gabriel Luizet. It is of quite upright habit of growth, but retains the remarkable vigor of the seed parent, often making a growth of from ten to fifteen feet in a single season. In its foliage, growth and habit of blooming in immense clusters it is remarkably like Crimson Rambler, but the flowers are more double and of a beautiful shell-pink color. Price, 40 cents per dozen; \$2.50 per 100.

WICHURAIANA HYBRIDS

Price, 40 cents per dozen, \$2.50 per hundred.

PINK ROAMER

This is, without question, a hybrid between the Sweetbrier, and varies these characteristics in bloom, while the growth partakes more of the Wichuriana. The single flowers, which are produced in close heads, are nearly two inches in diameter, rich pink, with almost a white center, which lightens up the orange-red stamens.

ROSA WICHURAIANA

This hardy and lasting Rose creeps over the ground like Ivy. The leaves are glossy, dark green and handsomely notched. The flowers, which are borne very profusely during July, are large, pure white, single, with yellow center, and have a strong, Wild Rose fragrance. It is one of the very best plants for rock work, embankments, slopes, cemeteries, etc.

MANDA'S TRIUMPH

This grand Rose is of free growth, luxuriant foliage, and produces large clusters of double pure white flowers, beautifully imbricated and well formed, two inches in diameter and sweetly scented.

SOUTH ORANGE PERFECTION

(Manda.) This is a gem, growing freely close to the ground and having multitudes of the most perfectly formed double flowers about one and a half inches in diameter, soft blush pink at the tips, changing to white.

UNIVERSAL FAVORITE

This is the most vigorous plant of the set. The long, branching shoots are covered with dense bright green foliage; the double flowers are over two inches in diameter, and a beautiful rose color, similar to the Bridesmaid, and deliciously fragrant.

HARDY ROSES—HYBRID PERPETUALS

Price, 50 cents per dozen, \$3.50 per hundred; two-year-old \$1.50 per dozen, \$10.00 per hundred.

A FINE HARDY ROSE, CLIO

A Rose of remarkable beauty, having received two first-class certificates and Reward of Merit. On the style of Margaret Dickson, having, like it, large handsome flowers of fine globular form, which are produced in great abundance. Color of delicate flesh, shaded in center with rosy-pink. A magnificent Rose in every particular.

HARDY ROSE, GEN. JACQUEMINOT

A rich, velvety crimson, changing to scarlet-crimson. A magnificent Rose, equally beautifully in the bud state or open. This is the best known of all Hybrid Perpetuals, and is without a rival in fragrance and richness of color. As easy of cultivation as many of the more common varieties, and perfectly hardy.

VICK'S CAPRICE

This grand novelty is a true Hybrid Perpetual Rose. The flowers are large and round; color soft satin-pink, distinctly striped and dashed with carmine. It is beautiful in the bud form, being quite long and pointed, also showing the stripes and markings to great advantage.

DUC DE ROHAN

One of the darkest colored Roses; very dark velvety crimson, changing to intense maroon. A very prolific bloomer and blooms are of excellent form and size.

MADAME CHARLES WOOD

A true perpetual bloomer. Begins to bloom almost as soon as planted, and continues all through the season. The flowers are extra large, very double and full, and quite fragrant; color a bright, fiery-scarlet, passing to fine rosy-crimson elegantly shaded with maroon. Very showy and handsome, and one of the best Roses ever introduced for general planting.

PAUL NEYRON

Deep, shining Rose, very fresh and pretty. Flowers large, often measuring five inches in diameter. It is, moreover, a good strong grower, with nice, almost thornless stems, which often attain six to seven feet in a single season.

MAGNA CHARTA

A splendid Rose; extra large, full flowers, very double; of fine form and sweet; color clear rosy-red, beautifully flushed with violet-crimson; a sure and profuse bloomer; one of the hardiest and best for general planting, and also excellent for forcing.

CAPTAIN CHRISTY

The flowers are of magnificent form, very double, and stand erect in their martial bearing. Color a fresh, delicate pink, with deeper shading in the center of the flower, the whole flower possessing a bright, satiny appearance. A desirable variety. Certainly the most beautiful of this color we grow. It is a free bloomer.
